Hello, I am experienced in building Frontend Web Applications in React JS and Static Websites in Gatsby JS(React) and Html, CSS, JS.

Currently, I am seeking to learn and grow under mentorship of proficient developers. I am very passionate about learning new technologies and solving problems.

I code every day and when I am not coding I read books, watch programming tutorials online, listen to podcasts, learn new technologies, workout and swim.

My favorite quote -

" There are no secrets to success. It is the result of preparation, hard work, and learning from failure. "
